RASSAN

RASSAN
2025

## About us

Side by side since 1998.
As a leader in design and manufacturing in the sanitary faucet industry—not only in Iran but also across the CIS countries—Rassan has been committed to providing the best and healthiest water flow in every Iranian home. Now, Rassan is rising to expand globally, so that every Iranian around the world can proudly use our faucets. The merge of universal technology, Iranian specialists' expertise, and a pinch of imagination manifests in every Rassan sanitary faucet.
At Rassan, we aim to manufacture high-quality products focused on reducing lead content to ensure the healthiest water possible. Through continuous innovation and integration of modern technologies, we have become a trusted name in households nationwide.
From Iran to neighboring countries such as Iraq, Afghanistan, Turkey, Bulgaria, Lebanon, Syria, Kenya, the Persian Gulf region, and across the CIS, Rassan's proud and lasting footprint lights up the region — a testament to our world-class quality and cutting-edge design.
To consistently maintain the highest quality standards, all Rassan products are manufactured according to the most stringent international certifications. Our commitment has been recognized by multiple honors, including Iran's National Standard (2019 & 2022) and Tehran Province Standard (2019 & 2020). Additionally, being named a "Consumer Favourite Brand" in 2018, 2020, 2021, and 2022 confirms the enduring trust of our customers.
At Rassan, purchasing the products is just the beginning. Our after-sales services ensure your faucets keep shining and performing at their best as long as they are in your home.
Rassan is by your side every single step of the way.

No water-no life

# Water

The most viable element for **LIFE** across the globe.
Every single creature around the world **SURVIVES** with water.

Water scarcity

# Water

For centuries water covered the globe and gave life to any living thing.
But now, today
Water is thirsty
Thirsty to our attention.

We need to SAVE the water

# Water

Water is not just ours, it belongs to every creature on earth, it belongs to future generations. We are responsible for them.
And now Water is highly sensitive to our usage habits.
We need to **SAVE** the water

Or we will lose it forever.

ready to experience the difference

## PEX Hose

Made from high-performance PEX, this hose is thermally stable, neutral in taste and odor, and resistant to water discoloration—ensuring a consistently clean and safe water flow.

## Easy Installation

Designed for convenience, this product requires no specialized tools or technical expertise for installation.

## Ceramic Cartridge

Equipped with a high-durability Citec ceramic cartridge that ensures smooth operation, prevents leaks, and delivers long-lasting performance even under frequent use.

## NEOPERL Aerator

An advanced aerator that blends air with water to significantly reduce water consumption without compromising pressure—offering up to 50–75% savings in water usage.

## Advanced Engineering for Efficient Use

**Optimized Flow & Pressure:** Provides a consistent water stream while minimizing waste.

**PEX Hose Durability:** Withstands high temperatures and pressure without deformation or contamination.

**Low-Lead Brass Alloy:** Manufactured with one of the lowest lead content ratios on the market—well below global safety standards.
